Plaquemine 2022 Incident Class Action

BASIC INFORMATION

1. Why has this notice been issued?

A Court has authorized this notice because you have a right to know about the proposed settlement of certain claims in this class action lawsuit, including the right to submit a claim, and about all of your options, before the Court decides whether to give “final approval” to the settlement. If the Court approves the settlement, and after any appeals are resolved, amounts will be paid to holders of valid claims. This notice explains the lawsuit, the settlement, your legal rights, what benefits are available, who may be eligible for them, and how to get them.

Judge J. Kevin Kimball in the 18th Judicial District Court, Iberville Parish, Louisiana, is overseeing the case. The case is known as *Brandi Spriggs, Individually and Tim Fabre, Nicole Fabre and Kayla Lynn Dupont, Class Representatives on Behalf of All Others Similarly Situated v. Blue Cube Operations, LLC., et al.*, No.: 81,538, Division “A”. The people who sued are called the Plaintiffs. The parties they are suing include the Settling Parties and others called the Defendants.

2. What is this lawsuit about?

This class action lawsuit generally stems from the Incident; that is, the fire and chlorine release commencing on April 18, 2022 and through the Incident Period, from Blue Cube’s chlor-alkali facility within Dow’s chemical complex at 21255 LA-1, Plaquemine, Louisiana 70764, Louisiana in Iberville Parish, State of Louisiana. The Incident Period began at 8:30 p.m. on April 18, 2022 through 12:10 a.m. on April 19, 2022 (when the shelter-in-place order was lifted) and then through 5:22 p.m. on April 19, 2022 (when all lines were capped).

The Plaintiffs claim that they suffered damage because of the Incident. The Plaintiffs further claim that Defendants legally responsible for this damage and they thus want compensation from Defendants. Defendants deny that they are legally responsible for any damages.

3. Why is the case a class action?

In a class action, one or more people, called Class Representatives, sue on behalf of people like you who have similar claims. All of these people are a “Class” or “Class Members.” One court resolves the issues for all Class Members, except for those who take action to exclude themselves from the Class.

4. Why is there a settlement?

Both sides agreed to a settlement to avoid the cost and risk of future trials and appeals, and so that the people allegedly affected can get compensation, in exchange for releasing Settling Parties and certain others from all liability and dismissing this lawsuit and the settled claims with prejudice. Settling Parties deny any wrongdoing, and the settlement does not mean that Settling Parties did anything wrong or that Settling Parties violated any laws. The Class Representatives and the lawyers representing them think the settlement is best for all Class Members.

5. Who are the class representatives?

The Court has approved the following people to represent the Class: (a) Timothy Fabre, (b) Nicole Fabre, and (c) Kayla Dupont. The Certification Order and Other Related Orders, available at www.plaquemine2022incident.com, provides more details on the Class Representatives.

Plaquemine 2022 Incident Class Action

WHO IS IN THE SETTLEMENT

To see if you will be affected by this settlement or if you can get anything from this settlement, you first have to determine if you are a Class Member.

6. How do I know if I am a part of the settlement?

Generally, you may be a Class Member if, during some period between approximately 8:30 p.m. on April 18, 2022 through 5:22 p.m. on April 19, you: (a) were located in a specified geographic area in or near the Plant (Area) and (b) claim to have experienced damage—including emotional damage such as fear, fright, or inconvenience—allegedly caused by the Incident. Certain persons are specifically included in the Class. Certain other persons are specifically excluded from recovery or compensation from the Class, even though they may have been located in the Area during the Incident. *See* the Court’s Class definition below in Question 7 and the exceptions to being entitled to recovery or compensation in the Class in Question 8.

More detailed descriptions of the Class and the Settlement Agreement are available at www.plaquemine2022incident.com and in the official records of these proceedings on file with the Clerk of Court for the 18th Judicial District Court, Iberville Parish, 58050 Meriam Street, Plaquemine, Louisiana 70764.

7. The Court’s Class definition.

The Court specifically defined the Class as:

- i. Any person residing and present within the Specified Geographic Boundary during the Incident Period, who sustained damage, including emotional damages (such as fear, fright or inconvenience), from the Incident.
- ii. Any person who was employed and present within the Specified Geographic Boundary during the Incident Period, who sustained damage, including emotional damages (such as fear, fright or inconvenience), from the Incident (documentary proof of employment and presence during the Incident Period is required; records of relevant medical treatment on April 18, 19, or 20, 2022, which identifies the incident and exposure shall qualify as proof).
- iii. Any person residing in any residence identified as being called and reached by the Code Red call system of the Iberville Parish Office of Emergency Preparedness (“Iberville OEP”) advising of the shelter-in-place on August 18, 2022, who was present at the time the call was received, and who sustained damage, including emotional damages (such as fear, fright or inconvenience), from the Incident.
- iv. Any person employed in any business identified as being reached by the Code Red call system of Iberville OEP advising of the shelter-in-place on August 18, 2022, who was present at the time the call was received, and who sustained damage, including emotional damages (such as fear, fright or inconvenience), from the Incident (documentary proof of employment and presence during the Incident Period is required; records of relevant medical treatment on April 18, 19, or 20, 2022, which identifies the incident and exposure shall qualify as proof).
- v. Any person who, during the Incident, did not reside within the Specified Geographic Boundary or work within the Specified Geographic Boundary, but was

- iv. 8. Are there exceptions to being included for recovery or compensation?

Yes. The following are included as Class Members but will not be entitled to recovery or compensation:

If you are not sure whether you are included in the Class, you can visit the website at www.plaquemine2022incident.com, call 1-225-370-6769 for more information, or write to: Class Counsel, at Plaquemine 2022 Class Settlement Claims Office, 23465 Railroad Avenue, Plaquemine, LA 70764.

THE SETTLEMENT BENEFITS – WHAT YOU GET

10. What does the settlement provide?

Settling Parties have established a \$3,500,000.00 settlement fund (Settlement Amount) to pay valid claims from Class Members, as well as lawyers' fees and costs, as approved by the Court. The Settlement Agreement, available at the website and in the official records of these proceedings on file with the Clerk of Court, describes all of the details about the proposed settlement. The Settlement Amount shall be allocated as follows:

- a. No more than 40% of the Settlement Amount, i.e., \$1,400,000.00, shall be allocated to Class Counsel for attorneys' fees and litigation expenses.
- b. \$225,000.00 shall be allocated for the expenses of administering the settlement.
- c. The remainder of the Settlement Amount -- after deduction of the amounts set forth in Sections 10.a and 10.b above and the Settlement Reserves, if any, set forth in Exhibit 3 to the Settlement Agreement -- ("Remainder") shall be allocated to Class Members as set forth in question 11 below.
- d. If (a) the Court awards Class Counsel less than 40% of the Settlement Amount for attorneys' fees and litigation expenses, or (b) if no Settlement Reserve is required, those amounts will be added to the Remainder for payments to Class Members.
- e. Generally, any funds remaining after (i) the allocation to Class Members, (ii) payment of attorneys' fees and costs, (iii) payment of settlement administration costs and expense, and (iv) use of the Settlement Reserve, shall be returned to Settling Parties.

More details are available in the Settlement Agreement at www.plaquemine2022incident.com.

11. What can I get from the settlement?

The amount of each payment may be based, in part, on the total number of claims received. Generally, payments will be made to Class Members as follows:

Plaquemine 2022 Incident Class Action

Payments for Emotional Damages and/or brief and mild physical discomfort without medical treatment: Payments will be made to class members for emotional damages (fear, fright, inconvenience) and/or brief and mild physical discomfort with no related medical treatment. Payments will be made based upon the Group to which you qualify as follows:

- a) Group 1: \$350.00 per claimant;
- b) Group 2: \$250.00 per claimant; and
- c) Group 3: \$125.00 per claimant.

If the Remainder is insufficient to provide the payments to all Class Members as set forth above, the individual allocations shall be reduced proportionally.

Payments to Class Members for more significant damages (if any): \$200,000.00 will be reserved in case any Class Members claim and can prove more significant damages. Specifically, this reserve shall be used to distribute awards to individuals, if any, who can prove claims of severe or lasting physical injuries, medical expenses, property damages, or lost wages. The amount of the distributions under this reserve will be determined either through negotiation and agreement or, if an agreement cannot be reached, by the Special Master upon summary review of the evidence submitted and considering all claims made upon the reserve.

Counsel for the Compromising Parties will evaluate such claims and make reasonable efforts to negotiate with claimants and their counsel to resolve such claims within the reserve. Any claims which cannot be resolved will be referred to the Special Master for summary review, assessment, and funding and considering all claims made upon the the reserve. Any individual receiving payments for such significant damages will not be entitled to receive any payments discussed above for emotional damages and/or brief and mild physical discomfort without medical treatment. Any funds remaining in the reserve will be transferred back to the Class Settlement Fund.

No Individual Deductions for Class Counsel's Fees or Costs: Individual allocations to Class Members will not be subject to deductions for attorneys' fees or costs (unless you hire your own attorney to pursue your claim as opposed to the attorneys hired by the Class). More details are available in the Settlement Agreement at www.plaquemine2022incident.com.

12. Who will oversee the settlement fund?

An independent Special Master will recommend to the Court how to allocate the settlement fund, pursuant to the Settlement Agreement, among the Class Members if and when the Court gives final approval to the settlement. (See the section on "The Court's Fairness Hearing" below.)

THE CLAIMS PROCESS

13. How can I get a payment?

Class Members can submit their claims on the approved proof of claim form by United States mail, postage prepaid, or by hand delivery to the Plaquemine 2022 Class Settlement Claims Office, 23465 Railroad Avenue, Plaquemine, LA 70764. You may also submit the approved proof of claim form electronically at the website below. All claims must be postmarked on or before **September 26, 2025**. The Settlement Agreement and the claim form set forth what you will need to provide to prove your claim and receive a payment. Thus, you must use the proof of claim form approved by Class Counsel and Settling Parties in

Plaquemine 2022 Incident Class Action

order to file a valid claim. You may obtain the approved proof of claim form by calling 1-225-370-6769 or going to www.plaquemine2022incident.com.

An independent Special Master will review each claim and propose how much money to pay each Class Member based on the terms of the Settlement Agreement. *See*, Exhibit 7 to the Settlement Agreement. If you timely submit a valid claim, Class Counsel will send you a notice to tell you the proposed amount, if any, you are to receive. In this notice, Class Counsel will also tell you what else you may need to do in order to receive a payment and how to object if you do not like your proposed payment. The Court will decide in a separate hearing how much money each Class Member who files a valid claim gets.

Each Class Member must submit a separate claim form. The legal representative of a Class Member who is deceased or who is a minor may submit a claim form on behalf of that Class Member. You cannot be included on someone else's claim form. You will not receive any payment for non-emotional damage claims until all known Medicare/Medicaid liens, if any, affecting your individual claim are resolved.

As more fully described in the Settlement Agreement, each Class Member's settlement check will include language so that the Class Member's endorsement and/or deposit thereof will serve as the Class Member's agreement to the terms and conditions in the Settlement Agreement.

14. When would I get my payment?

The Court has scheduled a hearing on **November 24, 2025 at 8:30 a.m.**, to decide whether to approve the settlement. If the Court approves the settlement at that time or some time after that, there may be appeals. It is always uncertain whether these appeals can be resolved, and resolving the appeals can take time. Payments to holders of valid claims cannot be made until the appeal process is finished, the settlement is final, and the allocation process has been completed. **Please be patient.**

15. What am I giving up to get a payment or stay in the Class?

Even if you do not get money from the settlement, if the settlement becomes final, you will release Settling Parties and certain related parties from all liability for any claims that are being settled. That means you cannot sue Settling Parties and certain others ever again for these claims and your claims will be dismissed with prejudice. (This lawsuit also will be dismissed with prejudice, at least as to Settling Parties and Settling Parties' related parties.) The specific claims you will be releasing, called "Released Claims," are described in Section 1.27 of the Settlement Agreement that is available at the website and in the official records of these proceedings on file with the Clerk of Court. You will also agree to certain obligations in favor of Settling Parties and certain related parties (*see, e.g.*, Sections 6.3 through 6.6 of the Settlement Agreement), including but not limited to defending, indemnifying, and holding harmless certain parties against any claim by any person who derives his or her right or claim as a result of or in any way arising out of your claim. The Settlement Agreement describes the relevant lawsuit(s), the Released Claims, and your obligations with specific descriptions, in necessarily accurate legal terminology, so read it carefully. Talk to Class Counsel (*see* the section on "The Lawyers Representing You") or your own lawyer if you have questions about the relevant lawsuit(s), the Released Claims, and your obligations, or what they mean.

EXCLUDING YOURSELF FROM THE SETTLEMENT

If you do not want a payment from this settlement, but you want to keep the right to sue or continue to sue Settling Parties and others over the legal issues being settled in this case, then you must take steps to get out of the Class. This is called asking to be excluded from—or sometimes called "opting out" of—the Class. Any Class Members who do not request exclusion will be bound by all judgments made by the Court, whether favorable or not.

Plaquemine 2022 Incident Class Action

16. If I exclude myself, can I get money from the settlement?

No. If you exclude yourself, do not write to the Class claims office to request a payment. If you ask to be excluded, you will not get any settlement payment, and you cannot object to the settlement. But you may sue, continue to sue, or be part of a different lawsuit against Settling Parties in the future. You will not be bound by the settlement in this lawsuit and you will have no rights under the Settlement Agreement. If you exclude yourself, you will no longer be a member of the Class, you will no longer be represented by Class Counsel, and you will have to take independent action to protect your interests.

17. If I do not exclude myself, can I sue later?

No. Unless you exclude yourself, you give up the right to sue Settling Parties and certain others for all the claims that this settlement resolves. You must exclude yourself from this Class to start or continue your own lawsuit or to be part of any different lawsuit relating to these claims.

18. How do I get out of the settlement?

If you wish to be excluded from the settlement you must, in writing, state that you want to be excluded from the Settlement Class. You must include (a) your name, (b) the last four digits of your social security number, (c) your date of birth, (d) your current residential address, (e) your mailing address, if different, from your current residence address, (f) the address where you were located within the Area on April 18-19, 2022, (g) your email address if you have one, and (h) your telephone numbers (day time, night time, and cell). You must sign and date your request to be excluded. If you send in an exclusion request on behalf of someone else, you must include all of the above information, sign and date the request and describe the capacity in which you are acting (for example, mother, father, succession representative, etc.). If you have a lawyer, you must provide his/her name, address, and telephone number on your exclusion request. Your lawyer cannot sign an exclusion request for you, and you cannot exclude a class or group of Class Members. You cannot ask to be excluded on the phone or at the website.

Any exclusion requests must be sent by United States mail, postage prepaid, to the following address and must be postmarked on or before **September 11, 2025**:

THE LAWYERS REPRESENTING YOU

19. Do I have a lawyer in this case?

The Court has appointed the following lawyers to represent Class Members as “Class Counsel”: Patrick W. Pendley (Pendley, Baudin & Coffin, L.L.P), Eulis Simien, Jr. (Simien & Simien, LLC), and Ryan Fowler (Potts Law Firm).

If you want to be represented by a lawyer of your choosing, you may hire one at your own expense. If you need assistance with your claim, Class Counsel will assist you at no charge to you. To contact Class Counsel, call 1-225-370-6769 or write to: Plaquemine 2022 Incident Class Counsel, 23465 Railroad Avenue, Plaquemine, LA 70764.

Plaquemine 2022 Incident Class Action

20. How will the lawyers be paid?

The lawyers will ask for not more than 40% of the \$3,500,000.00 settlement amount, i.e., \$1,400,000.00, for attorneys' fees and for reimbursement of their out-of-pocket costs incurred in litigating the claims being settled. Class Counsel will ask the Court to award these amounts from the settlement fund for their work in litigating the case and obtaining the settlement. Class Counsel will also ask for \$5,000 for each of the three Class Representatives who helped the lawyers on behalf of the Class. The Court may award less than the requested amounts to Class Counsel and the Class Representatives.

OBJECTING TO THE SETTLEMENT

You can tell the Court that you do not agree with the settlement or some part of it.

21. How do I tell the Court if I do not like the settlement?

If you are a Class Member, you can object to the settlement if you do not like it or certain parts of it. You must give reasons why you think the Court should not approve the settlement. The Court will consider your views if you properly submit an objection on time. To object, prepare a written statement of the specific reasons you object to the settlement. Please clearly indicate that you are objecting to the Class Settlement, Suit Number 81,538. Be sure to include (a) your name, (b) the last four digits of your social security number, (c) your date of birth, (d) your current residential address, (e) your mailing address, if different, from your current residence address, (f) the address where you were located within the Area on April 18-19, 2022, (g) your email address if you have one, and (h) your telephone numbers (day time, night time, and cell). You must sign and date your objection. If you have a lawyer, you must provide his/her name, address, and telephone number on your objection. You must state your objection and also include copies of any supporting materials, papers, and legal briefs, along with the names and addresses of any witnesses you or your lawyer will use to support your objection, together with a summary of their proposed testimony. You must state in your objection that you are a Class Member and the basis therefor. You can hire your own lawyer, at your own expense, to appear with or without you at the Fairness Hearing; but you or your lawyer do not have to appear at the Fairness Hearing in order for the Court to consider your objection. If you or your lawyer intend to speak at the Fairness Hearing about your objection, you also must submit a notice of intent to appear with your objection materials. Any objection must be sent by United States mail, postage prepaid, to the following address and must be postmarked on or before **September 11, 2025**:

Plaquemine, LA 70764

For more information, please see the Court orders at www.plaquemine2022incident.com and in the official records of these proceedings on file with the Clerk of Court. **DO NOT CALL THE COURT WITH QUESTIONS.**

22. What is the difference between objecting and excluding yourself from the settlement?

Objecting is simply telling the Court that you do not like something about the settlement. You can object only if you stay in the Class. Excluding yourself is telling the Court that you do not want to be part of the Class. If you exclude yourself, you cannot object to the settlement or to the attorneys' fees or costs, because the case no longer affects you, and you will not receive any settlement payment.

Plaquemine 2022 Incident Class Action

THE COURT'S FAIRNESS HEARING

The Court will hold a hearing to decide whether to approve the settlement.

23. When and where will the Court decide whether to approve the settlement?

The Court has scheduled a Fairness Hearing starting at 8:30 a.m. on **November 24, 2025**, in the William H. Scott Civic Center, False River Park, 1200 Major Pkwy, New Roads, LA 70760. (The hearing may be moved to a different date or time without individual or newspaper notice to Class Members, so it is a good idea to check www.plaquemine2022incident.com.) At this hearing, the Court will consider whether the settlement is fair, reasonable, and adequate. The Court will consider whether to approve the settlement, any requested attorneys' fees, expenses, etc., and awards for Class Representatives. If there are objections, the Court will consider them.

24. Do I have to come to the hearing?

No. Class Counsel will answer questions the Court may have. But, you are welcome to come to court at your own expense. You may also have your own lawyer attend (at your expense), but it is not required.

25. May I speak at the hearing?

You can only speak at the Fairness Hearing if you file a timely objection to the settlement following the procedures set forth in this notice (*see*, "Objecting to the Settlement" above) and you include with your objection a notice of intent to appear. The date and time of the hearing is shown in question 23 above. You cannot speak at the Fairness Hearing if you exclude yourself.

IF YOU DO NOTHING

26. What happens if I do nothing at all and the settlement is approved?

If you do not file a claim or exclude yourself and the settlement is approved, you will not receive any benefits from the settlement. And you will not be able to start a lawsuit, continue with a lawsuit, or be part of any other lawsuit against Settling Parties and certain others about the claims being settled, ever again. Again, in order to receive settlement benefits, you must timely file a valid proof of claim form.
